

# Twin Peaks Indoor Climbing Centre

---

Twin Peaks, Star City, 32 Watson Road, Birmingham B7 5SA  
West Midlands,

Telephone: 0121 328 1235

Twin Peaks Indoor Climbing Centre is an ideal venue for an exciting and unique school visit. They offer a variety of climbing sessions whether you are looking to complement your physical education curriculum, provide opportunities for personal development, teach climbing skills or just have some fun. For group bookings the climbing centre can accommodate groups in a bright, modern and safe environment. The Twin indoor climbing walls of Twin Peaks provide the perfect solution to any school or educational trip needs. They provide a challenging non competitive learning opportunity which is guaranteed to engage pupils from the start and even appeals to students not usually interested in mainstream sports. This healthy, enjoyable and fun activity is a must do experience. It will test your pupils' resolve and push their boundaries and the feeling of achievement when they reach their targets provides an excellent reward. There are eight different routes up the wall providing a variety of options for participants of all ages and abilities. Each route offers different challenges and the variety available coupled with a team of excellent, fully trained and highly encouraging staff provides perfect developmental fun for all. Twin Peaks has a great record on safety and utilises an automatic belay system and full safety training before the climbing begins. A child's experience of learning to climb is a memorable one and can help with the development of teamwork, self confidence, trust, motivation and fitness. Climbing enables children

to cope with fear and stress, and encourages self reliance and responsibility for others and also provides the perfect opportunity for an unforgettable school trip. Sessions include instruction from fully qualified and experienced instructors and all equipment hire. A proud partner of Change4Life Twin Peaks is doing everything it can to get children active whilst having as much fun as possible. Please enquire about the introduction of climbing clubs and achievement schemes and how you can help your pupils stay active while letting them have fun as well! We recommend you book to avoid disappointment. Key information Risk Assessments available Discounts available for block bookings All instructors are fully qualified Large groups welcome Ages 6+. Height restriction of 1.2m Laser Station - futuristic laser tag gaming also available. Please see the Sport and Recreation section for more information
